HILLENMEYER SAYS FRUIT IS IN DANGER.

(Lexington Leader.)

H. F. Hillenmeyer, the veteran fruit grower of this county, said that the present cold snap would be harmful to peach and early plum blossoms, but that little injury would be done to other fruits. The injury to other crops, he said, would be confined almost entirely to early vegetables which had been set out, the planting of cabbage, especially having been practically completed. Mr. Hillenmeyer said that the extent of the injury would depend somewhat upon other climatic conditions, and that the damage would be greatly mitigated if the cold wave is accompanied by cloudy weather with the air stirring. The greatest danger from frost, he said, was to be feared on still, clear nights.

TURNED DOWN

Insurance Trust Still Bluffing and Refuses Terms Offered By State.

Louisville, Ky., April 9.—Three developments of much importance in the tangled Kentucky fire insurance situation came Thursday.

The first of these is that the fire insurance companies will not accept the compromise proposition of State Insurance Commissioner Laffoon as submitted.

This is final and closes the door for settlement along that line of policy.

MRS. BURR RICHARDSON

Her Remains Will Arrive Here Today—Death Resulted After An Operation At Speer's Hospital, Dayton.

The remains of Mrs. Burr Richardson, brief mention of whose death was made in yesterday's paper, will arrive today on C. & O. train No. 2 and will be taken directly to the home of Mr. and Mrs. John Richardson in Houston avenue from where they will be taken Saturday morning at 9 o'clock to the Washington Cemetery for interment. Mrs. Richardson had been a long and patient sufferer and had just recently undergone a serious operation at hospital in Dayton with the hopes of receiving relief from her suffering. After the operation she improved so nicely that her relatives and friends were encouraged to believe that she would recover. But it was not to be. She had been removed to her home and all that loving and tender care could do for her comfort was being done, but she soon suffered a relapse and declined rapidly until death at 9:30 Wednesday night.

ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad. It is the Sign of the Times.

PAIGE

Model Chevrolet "36"—Electric lighting and starting—\$1275
Model Buick "25"—5-passenger—Electric lighting and starting—\$975

MAYBE it is an old fashioned idea this notion of putting all the value possible into the car itself—and as little as possible into overhead expense—

But it has given the Paige a positively dominant position among cars of medium price—

Ample capital for operating purposes—no bonded indebtedness—no excessive capitalization—no heavy overhead of any kind to be paid for.

Just a full dollar of car value for every dollar of the selling price.

Is it any wonder that the Paige is going to be oversold again this year in spite of increased production?
